

Chernoff, Laurence  
Class Assignment for MAT0002:

The Montenay Waste to Energy Resource Center "processes" 1200 tons per day of trash(organic) and 3000 tons per day of garbage. With this large daily volume the Center is able to reduce nearly 25 cubic yards to 1 cubic yard.

Students will:

- 1) convert both 25 cubic yards and 1 cubic yard to cubic feet and then
- 2) to describe what both geometric shapes look like
