

Professor Emilio A. Kenny
Biology & Environment (BSC-1050)
MDC North Campus

Activity 1

Students will:

- 1) form two working teams, one in “Pro” and the other one in “Con”.
- 2) elaborate arguments towards funding and implementing the Everglades restoration program

Activity 2

Students will:

- 1- present 3 strong reasons:
“Why our local community (South Florida) needs to preserve and enhance the Everglades National park.
- 2- create and plan “three community based hands-on activities that promote the protection and preservation of Everglades National Park (e.g., schools, Boy & Girls Scouts groups, civic associations, senior clubs...).
