Service-learning and State Parks

Complete a five hour Service-Learning project with an approved state park or organization that promotes the protection of natural resources in South Florida. After completing Service Learning, incorporate the experience to the informative presentation as follows:

1. Deliver 3 to 5 minute presentation
2. Cite two scholarly sources that support the concept of sustainability.
Only one source from the Internet is allowed
3. Provide visual support:
 - a) Two pictures or images of the cite
 - b) A brochure or pamphlet (electronic version preferred) regarding the site
4. Presentation should address what was learned from the Service-learning project, and how you will integrate sustainability to the immediate environment as your home and neighborhood
